Supported Browsers and Operating Systems

(Last updated: 3/1/2019)

We support the following browsers and operating systems. If you are not using one of these browsers (or versions) to interact with our website or digital products, please download or upgrade to a new browser or supported version from any of the sites below. If you elect not to upgrade your browser or operating system, your experience may not be optimal or secure, or you may not be able to use certain digital tools.

Microsoft®

Windows® 7 or higher

- Internet Explorer 11.x
- Microsoft Edge 20 – 41

Download Internet Explorer

Mozilla Firefox

Windows® 7 or higher and Mac OS X 10.9+

- Version 1.5 – 65.0

Download Mozilla Firefox

Apple® Safari™

Mac® OS X 10.9+

- Version 4.1.3 – 12

- Android 5.0 or higher, Chrome
- Windows Phone, Edge (Mobile Browser Only)

Tablet

Operating System and Browser Requirements

- iOS 10.3 or higher, Safari
- Android 5.0 or higher, Chrome

Online and mobile accessibility

We want everyone to be able to use, navigate, and interact with our website, regardless of circumstance.

For the best experience, please keep your technology up to date:

- Use the latest version of your web browser.
- Use the latest version of your assistive technology.
- Download our latest smartphone or tablet apps for iOS or Android devices that have built-in screen readers and other accessibility features.

Additional information on supported browsers

To provide our customers the most effective and secure online access to their accounts, we are continually upgrading our online services. As we add new features and enhancements to our service, older browser versions or Internet devices may not support these new standards. Upgrading to a new version will enhance your security and experience on our website.

For your protection, Michigan First Credit Union **does not support beta versions** of operating systems or browsers. Michigan First regularly monitors and tests browsers to ensure the highest security standards for our members. Browsers such as Internet Explorer, Firefox, and Chrome may auto update to the latest browser version compatible with your operating system. If you are using the latest release of your browser, please be aware that there may be a delay in our support of the new browser release while we conduct a review to ensure it meets our security standards. We recommend that you download and install a supported browser until the new version is officially support.
